

## The Research Bureau

*Presents*

# **Growth by Design II: Designing the Future of Worcester**

In May 2017, The Research Bureau hosted a panel of experts to discuss the purpose and impact of urban design on communities. During that conversation, urban designers, planners, and policymakers stressed both the aesthetic and economic value that quality design provides to cities and towns. *Growth by Design II: Designing the Future of Worcester* brings together a panel of local experts to talk about Worcester's experience and the opportunities inherent in an intentional urban design program.

*Panel:*

- **Daniel Benoit**, President, Benoit Design Group, PC
- **Allen Fletcher**, Manager, Harding Green LLC
- **Joyce Mandell**, Founder and Director, Jane Jacobs in the Woo
- **Stephen Rolle**, Assistant Chief Development Officer, Planning & Regulatory Services, City of Worcester

*Moderator:*

- **Timothy McGourthy**, Executive Director, The Research Bureau

**Tuesday, September 26, 2017  
7:45AM (Discussion Starts Promptly at 8:00AM)
